

LAUNCH

One Solution, **INFINITE POSSIBILITIES.**

WHY LAUNCH? WHY NOW?

Financial institutions have a unique opportunity to humanize digital banking experiences, bridging the gap between customers' expectations for personalized, high-touch services and the convenience and efficiency of digital channels.

Here are some specific examples of how banks and credit unions can achieve this with Launch:

Personalization:

Leverage data analytics to personalize digital experiences, offering tailored product recommendations and customized financial guidance. By incorporating customer feedback and transactional data, banks can build a deep understanding of customer needs, preferences, and behaviors.

Empathy and Understanding:

Establish emotional connections with customers by displaying empathy, active listening, and understanding. This can be achieved through personalized messaging, proactive outreach, and responsive customer service.

Safe and Soundness:

Uphold rigorous regulatory compliance standards to instill trust and confidence in community financial institutions, ensuring adherence to industry regulations and best practices.

Consistent Branding:

A consistent brand identity and messaging across all channels can help financial institutions create a cohesive and recognizable experience for customers, fostering trust and building long-term relationships.

Our Launch solution enables banks and credit unions to differentiate in a crowded market by humanizing the digital banking experience, ultimately creating stickier relationships with customers. By incorporating personalization, empathy, education, and consistent branding, financial institutions can provide customers with the high-touch, personalized experiences they crave while leveraging the efficiency and convenience of digital channels.

LAUNCH EXPLAINED

Overview

Launch is a comprehensive, turnkey solution designed to provide financial institutions with the necessary tools and infrastructure to establish fully secure and compliant digital banking services for businesses and retail customers.

Key Features

Security

The Launch solution employs state-of-the-art security protocols to ensure the protection of financial data and transactions. These include multi-factor authentication, end-to-end encryption, and continuous monitoring for potential threats.

Compliance

Launch is designed to meet the rigorous regulatory requirements of the financial industry, facilitating seamless adherence to relevant laws and guidelines. The platform includes built-in compliance modules that cover anti-money laundering (AML), Know Your Customer (KYC), and other critical areas, streamlining the compliance process for your institution.

Uniquely Branded Interface

Tailored for financial institutions to maintain consistent, professional aesthetics across all digital channels. This includes carefully designed branding, navigation, and user management options, providing a distinct digital banking experience.

Core Modules

Account Management

Launch offers a robust account management module that enables institutions to create, modify, and manage business accounts. This includes the ability to set up various account types, interest rates, and transaction limits, as well as monitor account activity and generate reports.

Payment Processing

Launch provides comprehensive payment capabilities for retail and commercial customers, including ACH processing, wire initiation, ATM/debit card issuance, and credit card processing via i2C. Features such as retail bill payment, person-to-person payments, and external transfers via Plaid integration further enhance domestic financial transaction management.

Lending Solutions

Launch incorporates a comprehensive lending module that streamlines the loan origination, underwriting, and servicing processes. Financial institutions can customize lending products, manage risk, and automate loan processing tasks with ease.

BANKING REIMAGINED

Unrivalled Convenience & Stickiness in the Digital Age

 Traditional Bank	 Digital Financial Brand
Physical Branch Access	✓ 24/7 Digital Access
In-person Customer Service	✓ Online Customer Support & AI Chatbots
Traditional Paperwork Processes	✓ Streamlined Digital Processes
Longer Processing Times	✓ Faster Processing Times
Limited Digital Services	✓ Comprehensive Digital Services
Higher Overhead Costs	✓ Lower Overhead Costs
May Require In-person Visits	✓ Remote Account Opening & Management
Limited Service Hours	✓ Always-on Banking Services
Less Personalized Products & Services	✓ Data-driven Personalization

Financial institutions possess a distinctive potential to guide customer choices toward digital platforms, fostering loyalty and simultaneously solidifying customer relationships. It is crucial for banks to harness the growing popularity of digital and self-service avenues, striving to enhance the customer experience through a creative fusion of human and digital elements, ultimately increasing stickiness.

Paving the Way For a New Era In **DIGITAL FINANCE**

With Launch, financial institutions now have the ability to seamlessly enhance their services through a comprehensive, end-to-end digital banking solution without any disruption to current operations. From a branded user interface to flexible service offerings, Launch empowers financial institutions to meet the evolving needs of their customers, fostering stronger relationships and building trust.

Join the Launch revolution today and discover the power of truly personalized digital banking.
